About The Company

KN Need Help envisions bringing together individuals and organizations to help raise funds for social causes.

Thousand of people in our country fight for their lives from fatal diseases and unforeseen medical emergencies everyday. Families are often left drained of all their savings due to insufficient funds and are forced to take loans at high interest rates.

At KN Need Help, we believe saving lives is a service. With the help of millions of donors online, who step up to support friends, colleagues and strangers with small contributions, we are trying to reach each and every individual across India to ensure that no life is ever lost due to lack of money.

About Crowdfunding

Crowdfunding is the use of small amounts of capital from a large number of individuals to finance a new business venture. Crowdfunding makes use of the easy accessibility of vast networks of people through social_media and crowdfunding websites to bring investors and entrepreneurs together, with the potential to increase entrepreneurship by expanding the pool of investors beyond the traditional circle of owners, relatives, and venture capitalists.

Crowdfunding is the practice of funding a project or venture by raising small amounts of money from a large number of people, via the Internet. Crowdfunding is a method of raising capital through the collective effort of friends, family, customers, and individual investors. This approach taps into the collective efforts of a large pool of individuals—primarily online via social media and crowdfunding platforms—and leverages their networks for greater reach and exposure.

Our Mission

1

Builds trusting relationships with mission sustaining partners, and collaborates with international program partners to transform communities and tackle the greatest barriers to their sustainable futures: poverty, disease, illiteracy, and despair.

2

Partners with local leadership to strengthen communities, one of the poorest countries in the world, by supporting programs that provide vulnerable children and their families with opportunities for education, health care, and spiritual mentoring.

Our Vision

1

We believe that we can make a difference, that collaborative efforts to serve the most vulnerable will one day transform the world, and that all people will live in strong, nurturing communities where children and their families can fulfill their God-given potential through good health and education.

2

Supports life-changing care for thousands of children and their families through partnerships with the CRC and Mercy Hospital, and by providing local leadership and programs the financial underwriting, training, technical advice they need, and assistance of long term and short term mission teams providing expertise to build capacity.

Our Advantages

We strive for maximum transparency regarding of the publicly available information about our deals and business cooperation with our partners.
